## We don't let disability hold us back

Life never stands still, and neither do we. Rainbow Hub's purpose-built Active Movement Room encourages children to be independent of their wheelchairs.

Full of soft-padded equipment, it's a safe, stimulating environment where children can play and move around freely. Tunnels, steps and swings provide sensory benefits and help our professionals to make exercises fun as children develop their physical skills.

Sessions are for one hour at a time. They can be either one-to-one or in a group depending upon the needs of your child.

## Three steps to moving forward

### Step 1

Contact us to discuss how we can help.

### Step 2

We'll arrange an assessment by our team and with your consent, speak to other professionals.

### Step 3

If Active Movement is right, you'll be offered regular sessions with small achievable goals to help your child reach their full potential.
